Dear Suppliers,

We kindly request you to provide the updated document on REACH compliance for all products that we purchase from you, please indicating:

1. if substances in your products have been registered or pre-registered by yourself or your suppliers or are exempted from REACH;
2. if products you supply us contain substances included on the Candidate List of Substances of Very High Concern (SVHC) in a concentration above 0.1% (w/w). As such list may vary in the future, we intend that you will inform us immediately if any substance that you provide us will be included in the list.

We ask you to send us a feedback by one month. If we receive no response to our request by that date, we will consider the materials supplied to Rot-Berg S.r.l. compliant to the above mentioned requirements.
